I. The American Legion

The American Legion is the largest organization of veterans in the world, with a membership of 1.8 million members in the United States, the District of Columbia and four foreign countries. Since being founded in 1919, The American Legion has been a moving force for fair treatment of this nation's veterans, their families, and especially the disabled veterans. Members of The American Legion are honorably discharged men and women who served their country on active duty in the Armed Forces of the United States.

The American Legion was the author of the G.I Bill of Rights, which has benefited millions of ex-service personnel since its passage in 1944. The American Legion conducts programs designed to benefit the youth of America. Notable among these programs are American Legion Baseball, Boys State/American Legion Boys Nation, American Legion High School Oratorical Scholarship Program, American Legion Junior Shooting Sports Program, American Legion Scouting/Eagle Scout of the Year, and Americanism.

The American Legion founded Boys State in 1935. Since that time, Boys State program has remained one of the premier youth programs in the nation.

II. History of The American Legion Boys State

Boys State was born of a desire to counter the Fascist inspired Young Pioneer Camps of the 1930s, where boys of high school age were being taught that democracy had outworn its usefulness and should be replaced by a new form of government, namely Fascism. The creation of The American Legion Boys State program is credited to Legionnaires Hayes Kennedy and Harold Card, both educators and both members of The American Legion of Illinois, who in 1935 was an instructor at the Loyola University School of Law in Chicago and the Americanism Chairman of the Illinois Department of The American Legion.

Hayes Kennedy became concerned about a project underway in the late 1930's called "Young Pioneer Camps" promoted by the Communist Party to attract high school students. At these camps the Communist Party would advocate the virtues of the Communist system and the uselessness of democracy. It was their desire to start a counter movement within the ranks of American youth that would develop a better understanding of our system of government, and to instill in our youth a desire to preserve it. The Illinois Department of The American Legion approved Hayes Kennedy's project, and in June 1935, the very first "American Legion Boys State" in the nation was held on the grounds of the Illinois State Fair.

The format for American Legion Boys State was laid out by Harold Card and fashioned from a method employed by him in earlier years to properly police and organize a Boy Scout camp. Shorthanded on staff, he permitted the boys to govern themselves, hold an election and elect a mayor and a city council. Appointments were made to cover positions like police, fire, health and sanitation officials. Harold Card quickly found that the boys became so enthused in carrying out their 'city' duties; they almost neglected their Scout assignments. The boys were learning by doing.

From the beginning in Illinois in 1935, the program swiftly spread among other American Legion Departments. Today, The American Legion conducts a "Boys State" program in 49 states. Hawaii is the only state that does not have an American Legion Boys State program. District of Columbia delegates

attend either in the Maryland or Virginia Boys States. Now, 78 years later, the program is still providing that opportunity to young men. To learn by doing, and through this time over one million young men have experienced American Legion Boys State. Though Fascism no longer poses a threat in today's world, our way of life is still threatened by forms of government alien to our democratic ideals, and by apathy among our own citizens. The American Legion continues to sponsor and to conduct American Legion Boys State in the belief that young citizens who are familiar with the operation of our system of government will be better prepared to uphold its ideals and maintain it for future generations.

III. Boys State

Boys State is a weeklong "Hands-On" experience in the operation of the democratic form of government, the organization of political parties, and the relationship of one to the other in shaping Iowa government. Through the Boys State objective of "learning by doing," young men will learn more about city, county and state government in one week than they would in an entire semester of high school.

Boys State is an exercise in leading as well as following others. Elections are an opportunity to show the ability to perform under pressure and to show character in the face of victories and/or defeats. Boys State will test skills in solving problems and working effectively within a team.

Boys State is an opportunity to gain pride and respect for our form of government and the price paid by people to preserve democracy. The week contains ceremonies and assemblies. Iowa government leaders attend each year to offer their vision and advice. Daily flag raising and lowering ceremonies are conducted at Boys State.

Boys State is a chance to meet new people. With an average of 300 delegates in attendance each year, Boys State offers an opportunity to meet people who represent Iowa's diversity in heritage and culture. One of the finest objectives afforded to young men by Boys State is the friendships they will form with other Boys State citizens, many of whom will become lifelong friends.

So, what have you gotten yourself into? Hopefully, you can now see that the answer to that question depends upon your interests. It has meant something different to each of the thousands of delegates who have preceded you. Boys State cannot be all things to all people, but 85 years of history and success has led The American Legion and all of those who help make the program possible to believe that Boys State offers something meaningful and important to the future of Iowa and the future of America.

III. Staff

The staff of Boys State is comprised of highly motivated and qualified individuals who work with one goal in mind: to make your week at Boys State one of the most rewarding, educational, and worthwhile experiences of your life.

The delegates will be under the supervision of a director and staff members. The staff is drawn from the ranks of the Trustees and Commissioners of Iowa Boys State, the Iowa State Patrol, the agencies of Iowa government, professional career fields (lawyers, college admission counselors and teachers) and former American Legion Boys State delegates. The Boys State staff and counselors are always available to assist you. Never hesitate to come to any member of the staff should a question or problem arise.

IV. Boys State Organization

Political Parties: Boys Staters are equally divided into two (2) political parties, Federalist and Nationalist.

Cities: Boys State delegates are also divided into “cities.” Each party nominates, through a city party caucus, a full slate of candidates for city offices to be elected during the general election. Each political party nominates delegates to the state and county conventions.

Counties: Boys State cities form a Boys State “county.” In each county, both political parties, through their county caucus, elect a County Chairman, Party Secretary and a like number of Secretaries. Both city and county organizations also nominate candidates to be elected in nonpartisan elections for specific offices, usually school boards. Each party nominates, through the county party caucus, a full slate of candidates for county offices to be elected during the general election.

State: A full slate of candidates for the state offices of Boys State is elected at the state convention of both parties. All the voters of Boys State elect the state officers at the primary election then general election.

V. The Election Process

Government officials at Boys State will participate in the elective process and serve in simulated executive, legislative, county and municipal positions of state government. State officials serving as part of Iowa’s state government will appear before Boys Staters and explain their respective duties.

VI. What Office Can I Run For?

At Boys State, you can run for any one of the many elected public offices found in the state of Iowa, except township or village offices. The Boys State election process consists of a city and county caucus, a county and state convention and the general election. Voting in the general election is by electronic voting. Boys Staters who are not elected to an office must seek an appointive office. There are also many appointed offices that will be filled by Boys State delegates.

The elective offices that you can run for at Boys State:

City: Mayor, Treasurer, and Councilman.

County: Treasurer, Sheriff, Recorder, Auditor, Board of Supervisors, and Attorney.

State: Representative, Senator, Governor, Lieutenant Governor, Secretary of State, Attorney General, Auditor, and Treasurer.

If you are not elected, you can apply to the Governor’s office, County offices or City offices. Everyone holds at least one elective or appointive office.

Court appointed positions:

COURTS: Chief Justice of the Supreme Court, Associate Supreme Court Justices, Chief Judge of the Court of Appeals, Court of Appeals Judges, and District Court Judges.

VII. Campaign Materials

All campaign materials must be prepared at Boys State, not brought with you. This is to ensure that each delegate starts out on an equal footing and develops a campaign of their own effort and initiative. Campaign materials may be purchased (using Boys State currency) through Boys State headquarters.

We are guests at the Camp Dodge facility. Use common sense in creating campaign materials. ***All campaign signs will be in good taste and free from obscene language, suggestive or lewd designs.*** Boys State also asks each delegate to be responsible. After the elections are over, each candidate is required to remove his campaign signs and dispose of them in a proper manner. Be careful and cautious where and how you affix signs or posters.

VIII. Activities

In addition to teaching participants about our democratic form of government, Boys State provides an opportunity to select and participate in a variety of other activities.

Sports: The athletic director and his assistants will conduct and supervise athletic activities every afternoon/evening. All boys will be expected to participate in sports, within their physical ability. Each city will organize teams in each sports and a regular schedule leading to a State Championships will be played. No facilities are available for basketball, tennis or golf.

Music: Boys State offers voluntary participation The American Legion of Iowa Boys State Band and Chorus. The band plays before each evening program and the chorus appears at several programs throughout the week. They are of excellent quality and have set the tone of the overall Boys State program. They both perform at the State Capitol the day the delegates visit the Capitol for their legislative session. The band plays on the steps as the rest of the boys march in to the Capitol and the chorus sings as a finale before we return to Camp Dodge. A jazz band is also organized and is scheduled at the convenience of the delegates' schedule. If you play trumpet, trombone, saxophone, clarinet, French horn, tuba, piccolo, flute, or other brass/woodwind instruments, or percussion instruments you are invited to become a member of Boys State band. **You must bring your own instrument and a music stand** (folding, if possible). Bass drums and music are the only items that will be furnished. **NOTE: Buglers for the week will come out of the band. XXV. American Legion Boys Nation

The National Headquarters of The American Legion conducts a program called American Legion Boys Nation, held at Marymount in Arlington, Virginia, and picks up in the instruction process on government where respective American Legion Boys State programs leave off.

At American Legion Boys Nation, young men learn about the federal levels and process of our government, through “hands-on” participation, like Boys State. American Legion Boys Nation follows the national political process and culminates its program with election of the President of Boys Nation.

The American Legion Boys Nation program is conducted at Marymount College in Arlington, Virginia.

Two (2) **Boys State citizens** will be selected to represent Iowa and Boys State in the week-long American Legion Boys Nation program. Two (2) alternate citizens will be selected to attend American Legion Boys Nation in the event a principal delegate from Boys State is unable to attend.

At Boys State, candidates to be considered for Boys Nation are nominated by Boys state counselors and interviewed by an American Legion Boys Nation selection panel, comprised of Boys State staff members. The American Legion National Headquarters pays for the transportation costs of all delegates to American Legion Boys Nation.
