Strategic Planning Oct 2023

Planning committee met via phone to discuss upgrading the four outside doors to the Headquarters. Discussion also included upgrading the carpet , desks, waiting area for the inside of the building and updating t he large meeting room and kitchen area. We also discussed finding a contractor and Past Commander Johnson said he knew a guy and he would contact him to see what he could do.

We also discussed the funds that were left for the Service Office. John stated that he put it in a CD until we could determine what to do with the funds. We tabled this discussion until a later date.

With scheduling conflicts since July we are planning on our next meeting before Mid Winter. Either by Zoom or in person.

December 2023 Winter legionnaire Article

Department Commander Elliott, thank you for asking me to be your Department Americanism Chairmen. By now we all should have been in your schools talking about The Americanism Programs and the scholarships that accompany each program. If by chance your post has not been to the school, or seeking permission to speak to the various teachers, I ask why not? What is the hold up or excuse as to why The Post has not done so, or is that job someone else's duty?

Americanism is every member's job and responsibility not just for one person typically the duty falls to The Commander who has all the time to do these various tasks to make your Legion Post look good.
